---------------------------	-------

Enjoy a professional performance with Epson printers, scanners, all-in-ones and projectors. Experience a world of creativity and fun, whether you're sharing your holiday photos, dealing with the household paperwork or watching the latest movies on the big screen.

It's easy to print superb colour photos at home with Epson. From digital images to old negatives and prints, you can give everything the professional treatment. You can even repair old, faded memories.

Why not add scanning, printing, copying and even faxing to your desktop with a compact Epson all-in-one, or for pure entertainment, bring movies, video games, sports and photos to rich, colourful widescreen life with your own Epson home cinema.

Print the highest quality, most durable photos with the latest Epson inks. Designed to work seamlessly with our superb hardware, software and media, they ensure a perfect finish every time.

Epson DURABrite™ Ultra Ink

With an Epson printer you only replace the colour you use. Epson DURABrite™ Ultra Ink prints high-quality documents and lab-quality photos that are water, smudge and fade resistant.

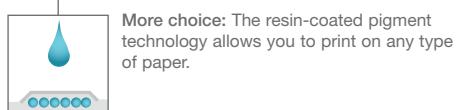

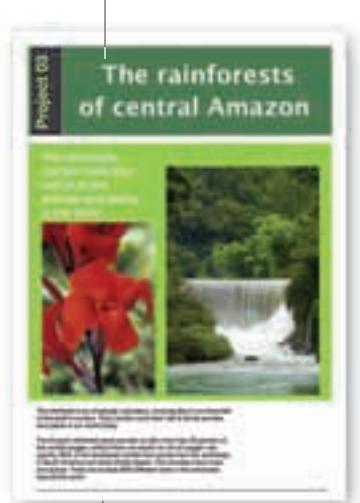

Smudge and water resistant: Prints are water, smudge and highlighter resistant.

Long-lasting: Your glossy photos will last up to 200 years in your photo album.*

Perfect prints: Epson DURABrite™ Ultra Ink delivers high-quality documents and lab-quality photos.

More choice: The resin-coated pigment technology allows you to print on any type of paper.

Epson inks are a crucial part of every Epson home studio. The difference is clear as soon as your photos emerge from your printer.

Epson inks give a superb, reliable performance right across the page. But our inks are not only built to make your photos look good, they are also built to last.

Glossy photos printed with Epson inks are resistant to fading and even to water – protecting and preserving your memories for years to come.

Epson Claria Photographic Ink

For rich, professional quality photos that last for 200 years in a photo album.*¹

Premium quality: photos look better than those from the photo lab.

High definition: print brilliant photos from the latest high-resolution D-SLR and mega-pixel cameras.

Six-colour inks: get better results with an extra wide colour gamut and smooth gradations for vivid prints.

Deep gloss: achieve a professional finish with Epson's photo papers.

Long-lasting: photos last for up to 200 years in a photo album*¹ or 98 years in a photo frame.*²

Epson Ultrachrome™ Hi-Gloss2 Ink

For high gloss photo printing combined with the outstanding lightfastness of pigmented inks on a variety of different media.

Epson AcuBrite™ Toner Technology

Our innovative Epson AcuBrite™ toners are designed for Epson AcuLaser printers to give you the very best quality print possible.

Conventional toner

Epson AcuBrite™ toner

Conventional toner

Epson AcuBrite™ toner

Achieve consistently high-quality colour with Epson AcuBrite™ special pigments – made from toner particles fused with wax.

Capture clear images right down to the finest detail thanks to the small uniform particle size and electrostatic properties of Epson AcuBrite™ toner.

Conventional toner

Epson AcuBrite™ toner

Epson AcuBrite™ toner particles apply evenly to the paper for high-quality, glossy results.

Epson Stylus D92

Print documents, web pages and even photos in vivid colours with the Epson Stylus D92. It's quick, easy and also cost effective, because four individual ink cartridges mean you only replace the colour you use.

- Ideal for printing high-quality documents and photos
- Save money with individual inks – only replace the colour you use
- Superb quality with long-lasting Epson DURABrite™ Ultra Ink
- Borderless photos up to A4 size
- Easy photo editing and printing with Epson Creativity Suite
- Remove red-eye with Epson Easy Photo Print

Epson Stylus D120

High performance personal business inkjet. Bring fast, high-quality, cost-effective printing to your office and home. Print laser-like text, superb colour graphics and photos, and keep costs low with individual ink cartridges.

- Super fast printing – up to 37 ppm in fast mode or 25 ppm for business quality
- High-speed home and business printer for laser-like text and vibrant photos
- Supports high capacity black ink cartridges
- Print black text, colour charts and double-sided prints with no bleed-through
- Low power printing technology saves energy and keeps costs down
- Keep costs low with individual inks – only replace the colour you use

Epson Stylus DX4400 Series

Add quality, flexibility and value to your printing with the Epson Stylus DX4400 Series. It's easy to print, scan and make copies of everything from documents to photos – all from one compact device.

- Discover high-quality all-in-one printing, scanning and copying
- Save money with individual inks – only replace the colour you use
- Superb quality with long-lasting Epson DURABrite™ Ultra Ink
- Borderless photos from 10x15cm up to A4 size
- Restore colour, remove dust and correct backlighting when scanning with Epson Easy Photo Fix™
- Remove red-eye with Epson Easy Photo Print

Epson Stylus DX7400 Series

Print, scan and copy at home or in the office even without using your PC. From sharp black text to vibrant colour photos, this all-in-one combines superb quality, versatility and value for money.

- High-quality all-in-one with PC-free features
- Print photos directly from memory cards or digital camera via PictBridge
- Save money with individual inks – only replace the colour you use
- Borderless photos from 10x15cm up to A4 size
- Restore colour, remove dust and correct backlighting when scanning with Epson Easy Photo Fix™
- Remove red-eye with Epson Easy Photo Print

Epson Stylus **DX8400** Series

Bring quality, versatility and value to all your home printing. Print, scan and copy documents and photos from one compact desktop location and use the LCD viewer for even easier PC-free operation.

- All-in-one printer, scanner and copier for documents and photos
- 2.5" (6.3cm) LCD viewer for easy PC-free photo printing
- Use the built-in memory card reader or connect to a PictBridge digital camera
- Save money with individual inks – only replace the colour you use
- Epson PhotoEnhance automatically adjusts colour and contrast for perfect results
- Restore colour, remove dust and correct backlighting when scanning with Epson Easy Photo Fix™

Epson Stylus DX9400F

Maximise your productivity at home or in the office with the Epson Stylus DX9400F. It features an automatic document feeder for fast multi-page scanning, copying and faxing, whilst the 2.5" (6.3cm) LCD viewer allows you to view and print photos without using a PC.

- Print, scan, copy and fax from one compact solution
- Automatic document feeder for fast multiple scanning, copying and faxing
- Save money with individual inks – only replace the colour you use
- Superb quality with long lasting Epson DURABrite™ Ultra Ink
- Copy, fax and print photos without a PC
- High-speed black and white and colour faxing

WiFi edition also available
